What's Wild?

Wild animals are animals that are not tamed or kept as pets.

Wild animals live free and find their own food, water, and shelter.

Bears, coyotes, hawks, and snakes are wild animals.

Domesticated animals are animals that people have tamed or kept as pets.

Dogs, cats, horses and other farm animals are domesticated animals.

Domesticated animals depend on people to feed and care for them.

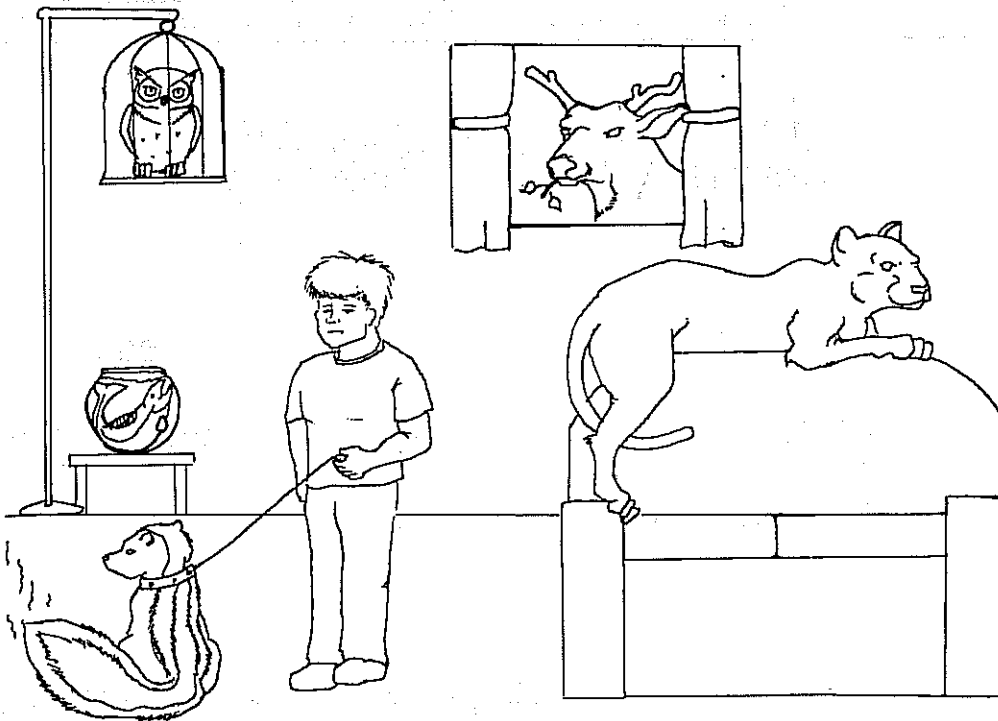

Write the names of the animals you think are wild animals on the lines under the word "**WILD**". Write the names of the animals you think are domesticated animals on the lines under the word "**DOMESTICATED**". Add some animals of your own.

WILD

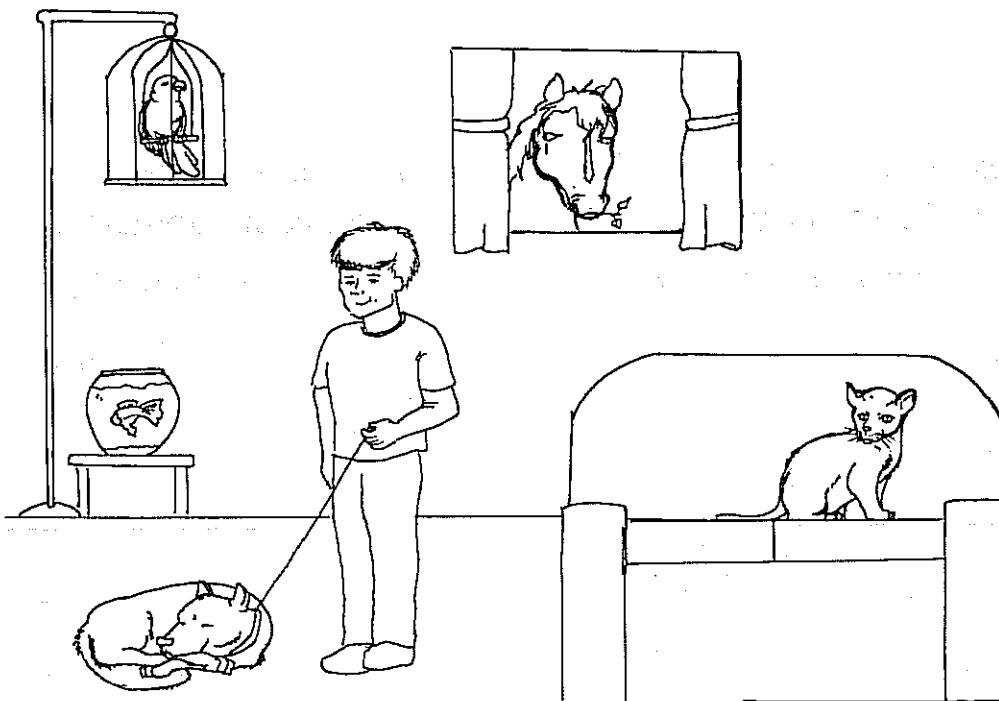

dog
bear
coyote
hawk
horse

DOMESTICATED

Wild animals don't make good pets. They may bite or scratch and usually cannot be housebroken. They belong in the wild with other wild animals.

Why do these animals not make good pets?

Why do these animals make good pets?
